STATINTL [redacted] called to pass on a proposal made by [redacted] (Deputy Chief, LSD) that a US Flag and an Agency Flag be added to the Agency Memorial in the main lobby of Headquarters. [redacted] asked who this should be discussed with in your absence. I suggested [redacted] as Executive Secretary of FAC. He said he would call and consult with Dick.

STATINTL [redacted] called back about 1/2 hour later and said he had discussed the matter with both Dick and Mr. Thuermer. They recommended that the flags be placed "temporarily" and the members be invited to look at it before our next meeting, at which time this can be approved or disapproved by the FAC.

STATINTL [redacted] will call me when the flags are in place, and I will call the rest of the Commission Members.
